TPU-Control cables with low capacity insulation for extremely dynamic application, up to 1000V, PUR jacket, unshielded, oil resistant, halogen free, UL and CSA approved

STANDARDS

Product UL and CSA approval

MOVEPOWER control cables for continuous moving or track-chain application, extremely flexible, oil resistant and halogen free. The excellent mechanical characteristics of the PUR jacket, like tear and abrasion also at low temperature, make these cables suitable for extreme application conditions.

Applications:

- tracksystem for tool machine
- work centres
- marble machines
- automatic lines for assembly
- handling
- packaging
- everywhere is necessary to combine the best performance with the smallest dimension
