### STANDARDS

Product 448-010-3-10; Nexans specification

### DESIGN

- Miniaturized construction down to AWG44 conductor size
- Easy identification of coax units by color code
- Spiral shield using microwires down to AWG56
- Bundles with identification thread
- Bio-compatible and sterilizable materials

### Cable properties

- Very flexible
- Good performance for dynamic application with flexion and torsion
- Cosmetic adaptability
- High resistance against electromagnetic disturbances
- High transmission and electrical performances

### Production

Reliable quality process with 100% control in line and off line.

ISO13485 certification

**For more information, please contact-us**

RoHS compliant  
Yes

## CHARACTERISTICS

## Usage characteristics

RoHS compliant

Yes
